Jackie, Rich, and I just nailed this down.

There is a PR in the works to TTEch for \$5K.

Jackie will do two more PR's:

- One to TTEch for \$5K
- One to SERAS for \$95K

No problem John. These will have to be 2 separate PRs because this funding is going on two different Contracts.

Thanks,
Jac.

Jackie,

Please give me a call on Wednesday to discuss this. I don't want to get the PR's wrong.

Thanks,

Sophie,

When we get this, let's put 75K on SEARS and hold the other 25K. We may need some money for TetraTech, but that work is still evolving.

Jackie,

Please add \$100K to ERT for additional work at Dimock. We estimate \$75K more for SERAs (Data Management) and \$10K for Tetra Tech (GIS) and \$15K Contingency.

Thanks.

Rich

(Den, I assume this is ok...if not...let me know. We expect this funding to take us to the end of May)
